# FOOTWEAR SIZING GUIDE

Print this chart on 8.5" x 11" paper at full size 1:1 to ensure correct shoe sizing.  
Double check the chart's accuracy by placing a credit card on the marker below.

## FIND YOUR FITTING FOOTWEAR

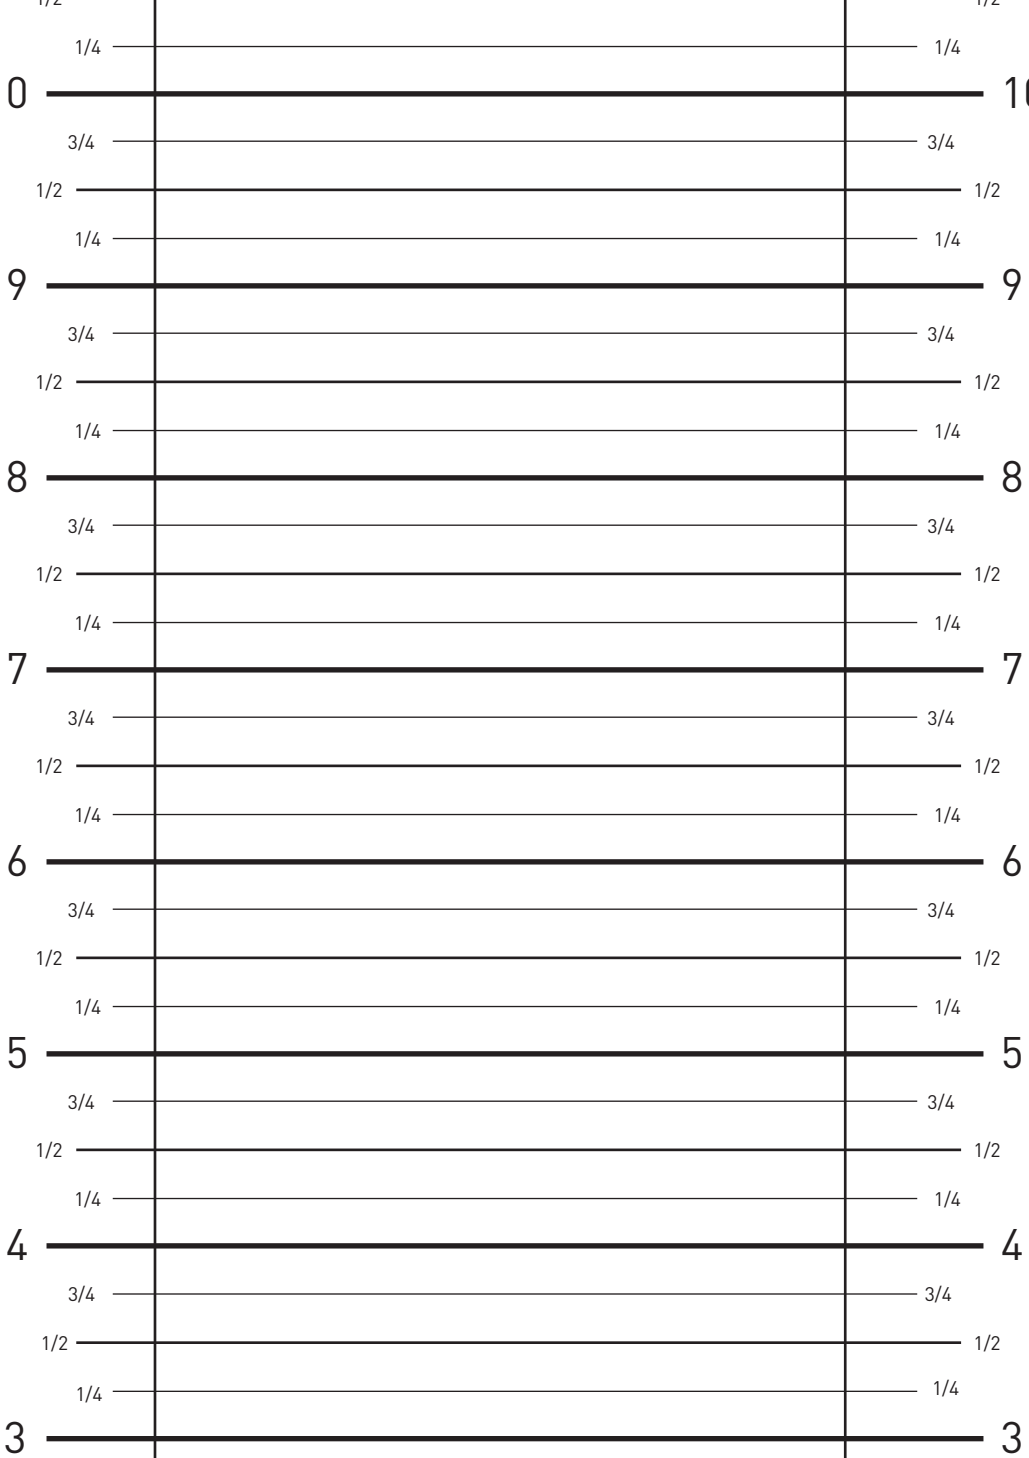

- Remove shoes and wear the socks you will wear with your new footwear
- Stand and place one heel along the line at the base of the chart
- Put your weight on the foot you are measuring and relax your toes
- The line that touches your longest toe indicates foot sole length
- Measure both feet and find the shoes that fit your larger foot
- Add 1/2 inch to your measurement and use this measurement to find the corresponding shoe sole in the style you looking to purchase.

Please note that this print out is meant as a guide, and can only approximate your size.
